

7-Eleven

Executive Overview

HQ: Irving, TX, since 1927
Industry: Convenience Retail
Solution: PDI Enterprise

Business Challenges

- Accounting systems needed to be able to communicate with each other and share information
- Required a comprehensive solution that focused solely on accounting for fuel inventory
- Had to handle very high volumes of fuel movement

PDI accounting data feeds directly into 7-Eleven's general ledger and subledgers

PDI is the sole provider of accounting software for 7-Eleven's wholesale fuel operations.

Customer Results

Accommodates multiple accounting entities

Accounting data feeds into general ledger and subledgers

Accommodates intercompany accounting needs

Handles high-volume fuel inventories

“

I don't know of another company out there that's solely focused on accounting for fuel inventory the way PDI is.
