

ABS Bonifer

Executive Overview

HQ: Offenbach, Germany since 1939
 Industry: Petroleum Distribution
 Size: 450 vehicles; 7 countries in Europe
 Solution: PDI WinDMS

Business Challenges

- Decentralized tanker truck dispatching operations
- Wanted to minimize paper and to automate and digitize planning and dispatch operations
- Needed to be able to respond more quickly to sales fluctuations at fuel retailing locations

Increased stations
 supplied by **3 times**

Dispatchers planned for three times as many vehicles per shift

Customer Results

Digitized and automated delivery operations

Decreased mileage and allocated drivers efficiently

Improved visibility into operations through daily reports

Avoided retains and runouts using real-time information

We can now supply three times as many fuel stations with the same number of people.

- Ralph Schenderlein,
Operations Manager,
ABS Bonifer
