

## **Holiday Stationstores**

### **Executive Overview**

HQ:Bloomington, MN since 1928Industry:Convenience RetailSize:500+ LocationsSolution:PDI Enterprise

### **Business Challenges**

- Needed to improve merchandise ordering processes to address problems caused by 'gut-feel' ordering
- · Lost inventory due to high rates of spoilage
- Limited by previous software which lacked the needed tools to track fuel inventory
- Calculated fuel margin manually through entries in a general ledger each month making it difficult to measure variances

# **Holiday**

### Improved bottom line \$100K

**¬** pditechnologies.com

## Reduced spoilage 10% at more than one-third of stores.

### **Customer Results**

Improved accounting reports and sales analysis

Reduced losses with the ability to order inventory based on historical sales

Increased inventory turnover with predictive ordering tools

Saved 40 hours a month with automated BOL/ matching reconciliation

We've really enjoyed working with the team at PDI, and the product is well worth the investment.
