

R.B. Stewart

Executive Overview

HQ: Angleton, TX, since 1974
Industry: Fuel Transportation and Logistics Services
Solution: PDI Intellifuel

Business Challenges

- Wanted to improve efficiency by doing away with time-consuming manual processes across the company
- Needed to gain increased insight into its business and the day-to-day activities of its drivers as well as purchasing patterns and allocations
- Wanted a solution that would help control headcount and payroll costs

“It allowed us to grow a Geographic Footprint at the same time as Maintaining Costs.”

Process automation allowed R.B. Stewart to realize efficiencies and control annual costs.

Customer Results

Automates otherwise manual processes

Increases insights into day-to-day business

Controls labor and payroll costs

Helps monitor purchasing patterns and allocations

“

It's been kind of a game changer.
